Location #5 Clue: Come take a ride with me, I am the little red engine that could live peacefully with wild animals, famous artists, and world renowned doctors for neighbors.

Location #6 Clue: You would be forgiven for thinking you were in the French Quarter with my spooky name but I serve up something much sweeter than hexes for your enjoyment.

Special Instructions: Take picture inside and help yourself a sweet snack.

Location #7 Clue: With the best view in the city and tycoons of industry as neighbors, lies the final resting place for an aviator of historic proportions.

Location #8 Clue: I live at the heart of our shared Catholic faith in Houston. Among the hustle and bustle of Downtown, I am a haven of mercy and peace centered around the heart of our faith, the Eucharist.

Special Instructions: Please be respectful of location and take a few minutes in prayer before the tabernacle.

Location #9 Clue: Houston is home to classic and contemporary art alike, but interactive art is what I am. Discover my tops hidden in a quiet green amongst the hustle and bustle at the heart of the city.

Hint: Park in central location for clues 9 and 10, they are close enough to walk between.

Location #10 Clue: Houstonians love their hometown sports teams. Where an old train station once stood, you will find two legends of America's pastime immortalized in bronze; our favorite Hall of Famer and, perhaps, a future Hall of Famer.
